SERVING 18 COUNTIES IN NORTHWEST KANSAS

Northwest Kansas Area Agency on Aging provides services to older citizens; develops and coordinates programs which help them remain independent in their homes and communities.

HOMESTEAD Nutrition Project -- Provides hot meals, services and activities at 30 locations throughout northwest Kansas. Home-delivered meals are available to qualifying home-bound elderly.

Older Kansans' Information Service -- Provides confidential information regarding available services in the 18 county area and referrals to agencies that can best help.

Client Assessment, Referral and Evaluation (CARE) -- Provides a screening for all individuals prior to admission to a nursing facility (required by Kansas law). The screening provides for individual assessment, referral to community based services, appropriate placement in long-term care facilities and data collection.

Agency on Aging News -- Annual newsletter sent to those 60 and older upon request. The newsletter includes information on services, programs and issues of interest to seniors.

Senior Citizens Law Project -- Free legal representation in specific areas of concern: public benefits, landlord/tenant issues, appeals, wills and consumer issues.

Senior Health Insurance Counseling for Kansas (SHICK) -- Provides trained volunteers to assist older adults with Medicare and supplemental insurance questions and concerns including the Prescription Drug Plans.

In-Home Services -- In-home care programs, Senior Care Act, III-B and Home & Community Based Services (HCBS), assist older adults in maintaining and improving their independence and to minimize the need for institutionalization. Services provided may include personal care, homemaker services, respite care, chore services and other support services.

Case Management -- Targets older Kansans at risk for institutionalization to ensure that they and their families are made aware of all the options in community-based services and to facilitate coordination of these services on their behalf.

Family Caregiver Program -- Designed to provide support services to families who are providing care for an older loved one at home. Services include: information, assistance, education/training/support groups, respite care and a variety of supplemental services to fit the specific needs of each caregiving situation.
